WHY LEGATO SECURITY FIREWALL MANAGEMENT?

FULL SERVICE SOC

Legato Security's SOC operates 24x7, ensuring that our customers are protected from cyber attacks every minute of every day. Designed to augment and support a customer's existing security team, the Legato Security SOC will:

- Detect, triage and correlate every alert
- Prioritize threats for remediation, saving customers time and money
- Respond and remediate threats on behalf of the customer

LEADING TOOLS AND PROCESSES

Legato Security's vendor-agnostic approach means that our SOC will manage and optimize a customer's existing set of firewall tools, eliminating the need to rip and replace their original investment.

- Immediate ROI by leveraging existing tools and pairing them with a team of security experts to streamline operations
- Flexible architecture and system integrations
- The ability to select best-of-breed technologies to compliment your existing security solutions

WE SCALE WITH YOUR ORGANIZATION

Legato Security's open security platform allows us to build and scale a security solution that fits your business now, and in the future.

- With services that range from strategic and advisory services through fully managed network security, Legato Security has a service for any size organization
- Select the appropriate tools and solutions for your organization current needs
- As your organization matures, Legato Security will be with you every step of the way by creating a tailor made security plan that scales with your needs

THE VALUE OF SECURITY FIREWALL MANAGEMENT

ALWAYS-ON

24/7/365 monitoring means customers' system-coverage isn't limited to business hours.

REDUCE COSTS

Working with Legato Security means customers will be able to consolidate and streamline operational costs associated with Firewall management and maintenance.

SECURITY

We employ a 100% US-based security staff, who use the most sophisticated monitoring tools available to keep client network and data assets safe.
